The October 17th @ 1:30-5:00 SBT Consultation on ID HHC has been confirmed with the council's administrative secretary Billie Appenay. I told her we would send an agenda to them soon.

I will be out of the office on work travel the next 2 weeks so here is Billie's contact info for you to send an agenda or any other info.

Thanks

Hi Jim,
Please confirm October 17 with the tribe. Based on the time, it sounds like we would be able to fly in/out from Seattle on the same day, which would be perfect. I'm guessing 1.5 hours would be the most time we would need, right? Could you just ask them to hold the 1:30 – 5 pm slot until we have a chance to make our airline reservations so we know when we could start the meeting? Thanks very much for your help.

Subject: Consultation on ID HHC

Here are some dates that would work for EPA to Consult with the Business Council on the ID Human Health Criteria/Fish Consumption Rate. We could make 9/21 meet with Council in the afternoon. Other dates after that would be October 10, 17, or 19. For the October dates, we could probably do an overnight if the Council is only available in the AM. However we would prefer a one day trip is possible.
